Shaping the Future of Stafford
& Greater Fredericksburg

Register Here: www.gostaffordva.com/events/

VIRTUAL EVENT VIA ZOOM | THURSDAY, JULY 30TH | 1PM - 3PM

Stafford and the greater Fredericksburg Region is on its way to becoming a tech-forward entrepreneurial hub. Local and regional government organizations like Stafford County, King George County, and the City of Fredericksburg are committing major funds to implement new programs that benefit citizens and increase their opportunities for economic growth. And we need your input!

Business leaders, entrepreneurs, and citizens of the Fredericksburg Region - join us to lend your voice to the conversation around tech and entrepreneurship initiatives throughout the greater DMV-Richmond corridor. Share your most pressing issues and perspectives and find out what your leaders have in mind for Stafford.

The event will take on a conversational format, with small virtual breakout groups, offering plenty of opportunity for each person to share thoughts. Don't miss this opportunity to converse directly with local business and government leaders and have your voice heard!

When checking out, you will be prompted to self-select the breakout room of your choice. Please select the breakout room that interests you most. The options available are listed below:

- Cybersecurity
- Business Post-COVID
- Entrepreneurship
- Smart Cities
- Business Innovation
- IoT and Technology

Thanks to all of our partners on our GO VA Cyber & Smart Tech Grant for their help in making this initiative possible!
